### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Peter Holson on 17 January 2007.

The application has been amended as follows:

In claim 36, line 13, change "adapted" to - -programmed- -.

In claim 36, line 16, change "adapted" to - -programmed- -.

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or render obvious the overall claimed invention of an arrangement for a feedback control system connected to a medical apparatus, the arrangement comprising: means for periodically feeding a reference signal to a measuring device, the reference signal having a real, known reference value; wherein a controlling device is programmed to compare a measuring value obtained from the measuring device based on the reference signal with the real, known reference value of the reference signal; wherein the controlling device is programmed to take a safety measure when the measuring value obtained on the basis of the reference signal and the real, known reference value differ substantially from each other.

3. The Double Patenting rejection of 5 September 2006 has been vacated.

Art Unit: 3734

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
